

# UNIVERSITY INFORMATION PROGRAM 2008

## Ontario's 21 Universities are Visiting a School Near You!

The OUF is your opportunity to talk one-on-one with Faculty, staff and students from Ontario's 21 universities in order to find the school that is the best fit for you.

If you're looking for additional information, you'll have another chance during the University Information Program (UIP) running throughout Ontario this fall. Ontario's 21 universities travel across the province together throughout the fall, offering Fair-style events in cities and towns in most regions. It's your "one-stop-shop" opportunity to learn about what different universities have to offer, talk individually to university representatives and collect publications from the schools that are of interest to you.

Check out the schedule below to see when the UIP will be visiting a school near you. Also, be sure to check with your secondary school Guidance Office for more information about the UIP and Ontario's universities.
